!

Thanks for being a chaperone! It's hard work and we appreciate it!

Remember to participate in activities and have fun. It will inspire the students to follow your lead!

But don't help too much by giving away answer or helping to solve problems. Sometimes the struggle is part of the learning experience.

Remember that you are on-duty during rec time from 4:45-5:45 and overnight from 8:30pm-8:30am

Lastly, please don't use your cell phone to call or text during programming time (8:30am-4:45pm). It is distracting for students and the Field Educator!
