Please note that until road grading occurs in these regions, conditions are rough and may not be passable in cars with low ground clearance. For up-to-date information, please contact AMC Reservations 603-466-2727 or the AMC Greenville Office 207-695-3085.

Directions:

Please note that the access roads are not paved and are subject to washouts and potholes. Roads may not be passable by cars with low clearance. Please limit your speed to 25 mph, and yield to logging trucks. There is no fuel available once you leave the state highways. Call in advance for road conditions during spring, fall, or when storms are expected. Please allow 6.5 hours driving time if driving from the Boston area, 9.5 hours from the greater NYC area.
