Enjoy an Active Vacation

- On an AMC Adventure Travel trip you don't just observe the landscape, you experience it. On some trips you may push yourself to the limit and get out of your comfort zone; on other trips you may experience new cultures with modest effort. But on all trips, you will come home energized and fulfilled.

Travel With Experienced Volunteer Leaders

- Experienced AMC volunteers create, plan and lead every excursion. Our leaders have undergone extensive leadership training, and are certified in Wilderness First Aid and CPR. Some international trips utilize local bilingual guides and outfitters. Leaders propose and design their own trips, which provides for a constantly changing trip calendar and exciting new travel opportunities.
